Ministerial breakfast 19 May 2015

Call to Action on Antimicrobial Resistance

- We, Ministers of Health and health leaders from all WHO regions, call for global commitment to the fight against antimicrobial resistance (AMR) and to the implementation of the Global Action Plan on AMR.
- Today we form an *Alliance of Champions* to promote increased political awareness, engagement and leadership on antimicrobial resistance among our Heads of States, Ministers and global leaders.
- We call for a High Level Meeting in the United Nations General Assembly no later than 2016, as envisaged in resolution WHA67.25.
- We invite other Ministers of Health and health leaders to join us in this endeavor.
